Editor's Note

Dear readers,

As the scorching summer begins in June, how are you holding up?
With the heat dulling our minds and slowing our thoughts,
this month calls for something that can refresh the spirit.

In that same spirit, The Sungshin Mirror brings you stories in our June issue
that offer a shift in perspective.
The theme of No. 264 is **"Look Closer, and Think Outside the Box."**

There are feelings and thoughts we tend to brush aside in daily life
—so familiar, in fact, that we forget to ask ourselves,
"Why am I feeling this way?" or *"Why did that thought even come to me?"*
Some of these moments pass without a trace, but others leave behind
a lingering heaviness, like a heat haze we can't quite shake off.

This month, we've explored three of those moments.
We hope the articles in this issue help ease the heat-stunned minds
of our readers and bring a bit of clarity to what's been left unanswered.

With warm regards,
Editor of The Sungshin Mirror

안녕하세요, 독자 여러분!

무더운 여름이 시작되는 6월, 잘 대비하고 계신가요?
더위로 머리가 멍- 해지는 만큼, 정신을 환기할 수 있는 무언가가 필요할 6월입니다.
그와 비슷한 맥락에서, 저희 성신 미러사는 이번 6월호에 생각의 전환을 할 수 있는
기삿거리들을 담았습니다.

이번 No. 264의 주제는 **"Look Closer, and Think Outside The Box"**입니다.
평소에 그냥 흘려보내는 감정이나 생각들이 있습니다. 이는 우리에게 무섭도록 익숙해서,
'왜 이런 느낌이 들지?', '왜 생각이 이렇게 이어지지?'라는 의문을 갖지 못하게 합니다.

그 가운데 몇 개는 스쳐지나가도 아무 일 없지만, 나머지 몇 개는 이유는 자시고 더위를
먹은 것 같은 답답함과 찝찝함만 여운처럼 남깁니다. 이 중 3가지를 골라 풀어낸
이번 호의 글들이, 도망 간 이유를 찾아 더위 먹은 여러분의 속을 달랠 수 있길 바래봅니다.

성신 미러사 편집장 올림.

To Mom, With Love

Is a mother's love a cold nest or a warm prison? This article reflects the unspoken message daughters have long wanted to share with their mothers, inspired by Mom and Bear, a film from the 26th Jeonju International Film Festival. It's not a lighthearted story, but it's one that must eventually be told.

엄마의 사랑은 차가운 둥지인가 따뜻한 감옥인가.
이 기사는 제 26회 전주국제영화제 상영작인 '엄마와 곰'이 전하는 주제를 통해 딸들이 엄마에게 남기고 싶었을 메시지를 담았다.
긍정적이고 밝지는 않지만, 언젠가는 전해야 할 이야기.

Green Isn't Always Clean – Truth About Greenwashing

This article questions the true sustainability behind companies' "eco-friendly" marketing, like Coca-Cola's, amid rising summer plastic use. It highlights greenwashing and urges both corporate responsibility and informed action from university students.

여름철 증가하는 플라스틱 사용 문제 속에서, 음료 기업들의 '친환경' 마케팅이 실제로는 얼마나 지속가능한지를 되짚어본다. 그린워싱 사례를 통해, 소비자의 신중한 판단과 기업의 진정성 있는 환경 전략이 왜 중요한지, 대학생으로서 우리가 어떤 역할을 할 수 있을지도 함께 생각해본다.

Digital Escape: The Newtro Craze Among Generation Z

In the hands of Generation Z, there are film cameras instead of smartphones, and handwritten diaries instead of digital notes. Amidst the fast-paced convenience of digital technology, this generation is choosing to slow down and reconnect with analog experiences—a phenomenon called "Newtro."

Z세대의 손에는 디지털 기기 대신 필름카메라가, 스마트폰 메모장 대신 손글씨 다이어리가 들려 있다. 빠르고 편리한 디지털 기술 속에서 자라난 그들이 오히려 '느림의 미학'을 찾고자 아날로그로 돌아서는 현상, 우리는 이를 '뉴트로(Newtro) '라고 부른다.
